

SAFETY DATA SHEET

Workshop PRO Super Absorbent Floor Dressing

SECTION 1: Identification of the substance/mixture and of the company/undertaking

1.1. Product identifier

Product name	Workshop PRO Super Absorbent Floor Dressing
Product number	7899-16
Internal identification	GHS22760

1.2. Relevant identified uses of the substance or mixture and uses advised against

Identified uses	Industrial Absorbent
------------------------	----------------------

1.3. Details of the supplier of the safety data sheet

Supplier	Morris Lubricants Castle Foregate Shrewsbury Shropshire SY1 2EL +44 (0) 1743 232200 +44 (0) 1743 353584 sds@morris-lubricants.co.uk
-----------------	--

1.4. Emergency telephone number

Emergency telephone	+44(0)1743 232200 (08.45 - 17.00 GMT)
----------------------------	---------------------------------------

SECTION 2: Hazards identification

2.1. Classification of the substance or mixture

Classification (EC 1272/2008)

Physical hazards	Not Classified
Health hazards	Not Classified
Environmental hazards	Not Classified

Human health The liquid may be irritating to eyes, respiratory system and skin.

Environmental The product is not expected to be hazardous to the environment.

2.2. Label elements

Hazard statements	NC Not Classified
Supplemental label information	EUH210 Safety data sheet available on request.

2.3. Other hazards

This product may generate dust during handling and use. This product may contain Quartz (Crystalline Silica). Long Term overexposure to Crystalline Silica dust may cause Silicosis.

SECTION 3: Composition/information on ingredients

Workshop PRO Super Absorbent Floor Dressing

SECTION 4: First aid measures

4.1. Description of first aid measures

General information	Treat symptomatically.
Inhalation	Allow resting in a well ventilated area if high concentration is inhaled and or mechanical irritation or discomfort occurs. See medical attention if irritation persists.
Ingestion	Symptomatic treatment and seek medical advice in case of prolonged discomfort.
Skin contact	Wash skin thoroughly with soap and water or use an approved skin cleanser.
Eye contact	Rinse with plenty of water. Seek medical advice if irritation persists.

4.2. Most important symptoms and effects, both acute and delayed

General information	Mechanical irritation.
----------------------------	------------------------

4.3. Indication of any immediate medical attention and special treatment needed

Notes for the doctor	Treat symptomatically
-----------------------------	-----------------------

SECTION 5: Firefighting measures

5.1. Extinguishing media

Suitable extinguishing media	Water spray, carbon dioxide, dry powder or polar resistant foam.
Unsuitable extinguishing media	Do not use water jet as an extinguisher, as this will spread the fire.

5.2. Special hazards arising from the substance or mixture

Hazardous combustion products	None under normal conditions
--------------------------------------	------------------------------

5.3. Advice for firefighters

Protective actions during firefighting	No specific firefighting precautions known.
---	---

SECTION 6: Accidental release measures

6.1. Personal precautions, protective equipment and emergency procedures

Personal precautions	Avoid inhalation of dust. Ensure suitable respiratory protection is worn during removal of spillages in confined areas.
-----------------------------	---

6.2. Environmental precautions

Environmental precautions	Do not discharge into drains or watercourses or onto the ground.
----------------------------------	--

6.3. Methods and material for containment and cleaning up

Methods for cleaning up	Scoop up or vacuum soil spillages if appropriate. Use gentle water spray to dampen down. Ventilate area and wash spill site after material pick up is complete. Dispose of in accordance with local regulations.
--------------------------------	--

6.4. Reference to other sections

Reference to other sections	For waste disposal, see Section 13.
------------------------------------	-------------------------------------

SECTION 7: Handling and storage

7.1. Precautions for safe handling

Usage precautions	Avoid inhalation of dust and contact with skin and eyes.
--------------------------	--

7.2. Conditions for safe storage, including any incompatibilities

Workshop PRO Super Absorbent Floor Dressing

Storage precautions Store in a dry place. Keep separate from food, feedstuffs, fertilisers and other sensitive material. Keep only in the original container.

7.3. Specific end use(s)

Specific end use(s) The identified uses for this product are detailed in Section 1.2.

SECTION 8: Exposure Controls/personal protection

8.1. Control parameters

8.2. Exposure controls

Appropriate engineering controls Provide adequate ventilation. Observe Occupational Exposure Limits and minimise the risk of inhalation of vapours.

Eye/face protection Wear approved safety goggles.

Hand protection Wear chemical resistant gloves when handling the undiluted product or when in prolonged or repeated contact with the diluted product.

Other skin and body protection Wear suitable protective clothing as protection against splashing or contamination. Wear apron or protective clothing in case of contact.

Hygiene measures Wash contaminated clothing before reuse.

Respiratory protection Use air purifying dust respirator if air borne dust concentration is above exposure limits.

Thermal hazards Not anticipated under normal conditions of use.

SECTION 9: Physical and Chemical Properties

9.1. Information on basic physical and chemical properties

Appearance Granular

Colour Pink.

Odour Odourless.

Relative density -2 @ 15.5°C

Solubility(ies) The product is insoluble in water.

9.2. Other information

SECTION 10: Stability and reactivity

10.1. Reactivity

Reactivity There are no known reactivity hazards associated with this product.

10.2. Chemical stability

Stability Stable at normal ambient temperatures and when used as recommended.

10.3. Possibility of hazardous reactions

Possibility of hazardous reactions Unlikely to occur under normal conditions of use. Will not polymerise.

10.4. Conditions to avoid

Conditions to avoid There are no known conditions that are likely to result in a hazardous situation.

10.5. Incompatible materials

Materials to avoid No specific material or group of materials is likely to react with the product to produce a hazardous situation.

Workshop PRO Super Absorbent Floor Dressing

10.6. Hazardous decomposition products

Hazardous decomposition products There are no anticipated hazardous decomposition products associated with this material

SECTION 11: Toxicological information

11.1. Information on toxicological effects

Respiratory sensitisation

Respiratory sensitisation May cause irritation to the respiratory system.

Carcinogenicity

Carcinogenicity This material may contain quartz (crystalline silica). In 1997, IARC concluded that the respirable fraction of crystalline Silica inhaled from occupational sources can cause lung cancer in humans. However, it pointed out that not all industrial circumstances, nor all crystalline Silica types, were to be incriminated. (IARC Monographs, Vol 68)
In June 2003, the EU Scientific Committee on Occupational Exposure Limits (SCOEL) concluded the main effect in humans of the inhalation of respirable crystalline Silica dust is Silicosis. There is sufficient information to conclude that the relative risk is increased in persons with Silicosis. Therefore preventing the onset of Silicosis will also reduce the cancer risk. (SCOEL SUM Doc 94-final, July 2003)

Skin contact Powder may irritate skin.

Eye contact Dust in the eyes will cause irritation.

SECTION 12: Ecological Information

12.1. Toxicity

Toxicity No adverse effects are known

12.2. Persistence and degradability

Persistence and degradability Not biodegradable

12.3. Bioaccumulative potential

Bioaccumulative potential Will not bio-accumulate.

12.4. Mobility in soil

Mobility Not considered mobile.

12.5. Results of PBT and vPvB assessment

Results of PBT and vPvB assessment Not available

12.6. Other adverse effects

Other adverse effects Avoid contamination of soil, groundwater and surface water.

SECTION 13: Disposal considerations

13.1. Waste treatment methods

General information Dispose of waste to licensed waste disposal site in accordance with the requirements of the local Waste Disposal Authority.

Waste class European Waste Catalogue (EWC) number = 13 08 99* (waste not otherwise specified)

Workshop PRO Super Absorbent Floor Dressing

SECTION 14: Transport information

General The product is not covered by international regulations on the transport of dangerous goods (IMDG, IATA, ADR/RID).

14.1. UN number

14.2. UN proper shipping name

14.3. Transport hazard class(es)

Transport labels

No transport warning sign required.

14.4. Packing group

14.5. Environmental hazards

Environmentally hazardous substance/marine pollutant

No.

14.6. Special precautions for user

14.7. Transport in bulk according to Annex II of MARPOL and the IBC Code

Transport in bulk according to Not applicable.

**Annex II of MARPOL 73/78
and the IBC Code**

SECTION 15: Regulatory information

15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture

National regulations Health and Safety at Work etc. Act 1974 (as amended).

EU legislation Dangerous Preparations Directive 1999/45/EC.
Dangerous Substances Directive 67/548/EEC.
Regulation (EC) No 1272/2008 of the European Parliament and of the Council of 16 December 2008 on classification, labelling and packaging of substances and mixtures (as amended).
Regulation (EC) No 1907/2006 of the European Parliament and of the Council of 18 December 2006 concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH) (as amended).

Guidance Safety Data Sheets for Substances and Preparations.

15.2. Chemical safety assessment

No chemical safety assessment has been carried out.

SECTION 16: Other information

Revision date 18/01/2017

Revision 2

Supersedes date 06/04/2016

SDS number 22760
