

# INTRODUCING THE NEW HOLTRAC BRANDING

- + **QUALITY REPLACEMENT PARTS FOR JCB CONSTRUCTION MACHINERY**
- + **PRODUCT SPECIALISTS AVAILABLE FOR TECHNICAL ADVICE AND SUPPORT**
- + **BASED IN THE UK AND DISTRIBUTED FROM HTS' CENTRAL WAREHOUSE**
- + **NEXT DAY DELIVERY ON ITEMS HELD IN STOCK**

Holtrac is a reputable brand known for its commitment to quality and reliability in providing replacement parts for JCB construction machinery. With a strong focus on compatibility, durability, and performance optimisation, Holtrac has established itself as a trusted provider of OEM-equivalent parts. Its wide range of offerings, cost-effectiveness, and dedication to customer satisfaction contribute to the positive reputation of the Holtrac brand in the construction industry.

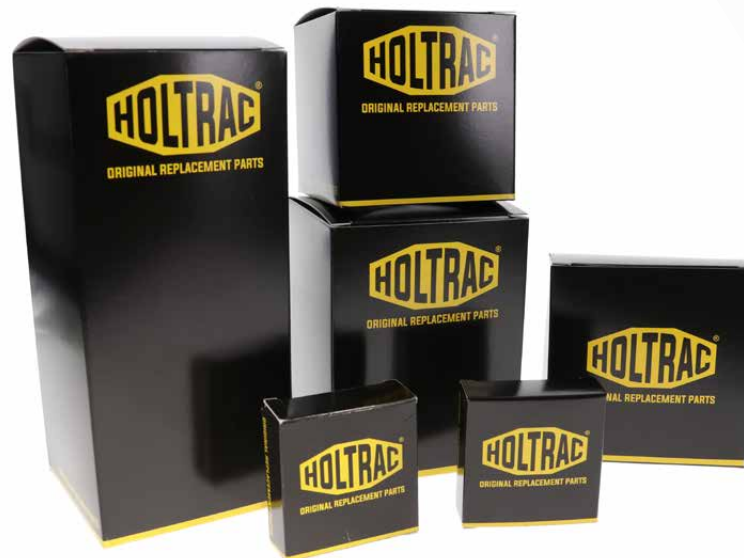

## THE STORY

The Holtrac brand was born in Dorking in the Surrey Hill in the early 60's. The company was set up as an agricultural dealership and fast established itself among the local farming community as a solid and trustworthy supplier of quality tractor parts and agricultural spares.

Wind on over 60 years and the Holtrac brand is now synonymous with quality, OEM spec replacement JCB parts. With its long history and rich pedigree the statement "the original replacement parts" rings true.

With over 1,500 references in the range, Holtrac is the first choice of replacement JCB parts to some of the largest fleets in the country.

# WHY HOLTRAC?

Holtrac offers a range of quality replacement parts specifically designed for JCB construction machinery. Here are some key points that set Holtrac apart from other suppliers:

## Compatibility

Holtrac replacement parts are engineered to fit seamlessly with JCB construction machinery, ensuring proper functioning and performance.

## Durability

Holtrac parts are built to withstand the rigorous demands of construction environments, offering long-lasting durability and reliability.

## OEM Equivalent

Holtrac focuses on delivering parts that match or exceed the original equipment manufacturer (OEM) specifications, providing a high level of quality assurance.

## Wide Range

Holtrac offers an extensive selection of replacement parts, including components for engines, hydraulic systems, electrical systems, undercarriage, and more, covering various JCB construction machinery models.

## Performance Optimisation

Holtrac parts are designed to optimise the performance of JCB machinery, enhancing efficiency, productivity, and overall equipment functionality.

## Cost-effectiveness

By offering reliable and competitively priced replacement parts, Holtrac provides cost-effective solutions for maintaining and repairing JCB construction machinery, minimising downtime and expenses.
