## Blue Antifreeze - 2 Year Protection

MEG Antifreeze will protect all engines from frost damage right down to  $-34^{\circ}\text{C}$  and ice damage down to  $-50^{\circ}\text{C}$  (at 50% of total coolant volume). It also provides outstanding protection against rust and corrosion for all parts of the cooling system and is therefore recommended for all year round use. This Ethylene Glycol based antifreeze, which meets the technical requirements of BS6580:1992 is designed to meet the demands of modern engines and their cooling systems. MEG Antifreeze provides the following outstanding advantages over other types of antifreeze.

1 litre of concentrate makes:

4.0 litres (protection down to $-12^{\circ}\text{C}$ )
3.0 litres (protection down to $-18^{\circ}\text{C}$ )
2.5 litres (protection down to $-23^{\circ}\text{C}$ )

Excellent corrosion protection. Mixed fleet protection – one coolant for cars, vans and trucks (petrol and diesel). Protects all types of engines. Maintenance free – low additive depletion. Excellent compatibility with seals, hoses and plastic components. Helps prevent winter freezing and summer boil over. Please allow 5 working days for delivery of the 205L\*.

## Ultralife Red Antifreeze - 5 Year Protection

Ultralife Red protects all suitable engines from frost damage right down to  $-40^{\circ}\text{C}$  (at 50% of total coolant volume). Also provides outstanding protection against rust and corrosion for all parts of the cooling system and is therefore recommended for all year round use.

This Ethylene Glycol based antifreeze, which uses Organic Acid technology, is free from nitrites, amines, phosphates, borates and silicates. When used at the correct concentration coolants based on Organic Acid Inhibitor Technology are capable of providing extended operation compared to conventional antifreeze. Can be for up to 5 years or 250,000km in passenger cars and 500,000km in commercial vehicles, depending which is reached first.

Ultralife Red is suitable for the cooling systems of modern engines in cars, vans, trucks and contractors plant, where an OAT antifreeze is recommended.

\*Please check suitability for your vehicle before placing your order and allow 5 working days for delivery of the 205L\*.
